

Preschool News
Week of April 26th
Five Senses

This week, we learned about our sense of smelling and tasting. We have completed our unit on the five senses. Take a look as we rewind this week in preschool 😊

Monday- We were all so happy to see all of our friends after a nice vacation. At circle time, Miss Brennan introduced us to our last two senses, smelling and tasting. In Religion, we talked all about how Jesus wants us to care for one another by taking care of our friends. We also completed a listen and do worksheet that had us identify foods that have a certain smell. For our main craft today, we decorated our classroom door for Science Week. We are doing a space theme and we made the earth from paper plates and we also made rockets. We had gym and computer classes today 😊

Tuesday- Today was a great day! For our main activity today, we decorated our spring bulletin board with tissue paper flowers. We also did a fun science experiment for our five senses unit. We made scented play-doh with flour, salt, water, food coloring, and vanilla. We had so much fun getting messy in our play-doh center 😊

Wednesday- Today we had art class and Miss Brennan taught us a new safety rule. This safety rule was on the importance of not playing with matches or around fire. For our main activity today, we went up to the kindergarten room and made space rockets, this was so much fun! In the afternoon, we did music and movement.

Thursday- Today, we saw a puppet show all about space and the stars. We were very good listeners during the presentation. We had snack with our kindergarten friends and did music and movement with them☺ In the afternoon; we sang our Five Senses song and completed a worksheet on all of our five senses.

Friday- Today is always our busiest day and one of the best! In the morning, we had a picnic snack outside and had an early recess. We had music and Miss Brennan took us up to the computer lab to play our ABC games. We had grade two reading buddies today and we were very good listeners☺ In the afternoon, we had music and movement and had fun with our friends before the weekend.

Next week, we will be learning all about Mary and celebrating the special ladies in our lives☺

Have a wonderful weekend and enjoy the weather☺
Miss Brennan and friends

Friendly Reminders:

- Letter T items due by Monday, May 3rd☺
