

## Miss Giroux's MVPs

On a sports team, MVP stands for Most Valuable Player. It is an honor bestowed upon the most athletic person on a team. In our classroom, everyone will get to be an MVP! Each week we will recognize an outstanding member of our team. They will get to be "assistants" to the coach all week.

Team MVPs will also have the opportunity to fill out a poster that introduces themselves to the rest of the team. They will be given the poster a week before it must be brought back into school completed. Your child should also come to school with 3 choice picture books that they love. Together, the student and I will choose which book would be most appropriate to read to the class at the end of the week. Your child can then spend the week practicing reading this book so they are ready to share it with the class by the end of the week.

I encourage parents to help their children create their posters and practice reading their books. The children should enjoy this experience and celebrate themselves as special and unique members of our team!
