***Saint Francis of Assisi Mission Statement:** We are a Catholic community of faith striving to follow Jesus, pledging each day to do our best by imitating Saint Francis of Assisi as "instruments of peace." Our goal is to maintain a safe and healthy environment and to be academically prepared for this technological age.*

Dear Parents and Students,

Welcome to the seventh grade here at St. Francis of Assisi! I hope that you have all had a fantastic summer and I am very excited to see all of you next week. During the first week of school we will get to know the new students and become accustomed to the routines of the classroom. It is important that we learn as much as possible this year so we will start reading about Geography and review our math skills from last year during the first week as well.

This will be my second year at St. Francis of Assisi and I am very happy to be back for another school year. I am looking forward to a great year filled with a lot of class discussions and learning. I plan to use the classroom SMARTBOARD to help students take notes and have an interactive learning experience. The seventh grade curriculum can be challenging as we will be starting Pre- Algebra, so it is important that students participate in class and complete their homework so that they are able to fully grasp each concept as it is taught.

I will be posting a monthly newsletter to keep you updated with what is taking place in the classroom and any upcoming events. Homework will be posted weekly and students are asked to record assignments in their planners on a daily basis so both you and your child can keep up to date with the classroom assignments. I believe that together we can work as a team to help each student in the seventh grade be successful and ready for eighth grade at the conclusion of the year. I look forward seeing you all again or for the first time in the coming week.

Sincerely,

Ms. Kienzler
