

## PRAYERS FOR CHARLOTTE

### Charlotte's Story

Charlotte Rose Kelly was an otherwise healthy 2 ½ year old girl until June 16, 2009 when she was diagnosed with Stage IV Neuroblastoma, a rare form of childhood cancer. Since June, she has undergone six rounds of chemotherapy, surgery, and two stem cell transplants. A fundraiser is being held on April 10, 2010, to help defray Charlotte's medical expenses, future treatments and research. Charlotte's parents, Patrice and Greg, and brothers, Owen and Shane, greatly appreciate everyone's prayers and support.

### About Neuroblastoma

**Neuroblastoma** occurs primarily in infants and young children, rarely affecting anyone older than ten years old. There are 650 new cases in the United States annually, and approximately 30% of children survive with standard, frontline therapy.

**Please Say A Prayer For Charlotte** –you can follow her progress at  
**[www.carepages.com/carepages/CharlotteKelly](http://www.carepages.com/carepages/CharlotteKelly)**
