

Every Vote Counts!

In honor of the upcoming Senate election, the students at St. Francis will participate in a school wide mock election. On Election Day students will be able to cast a ballot for their favorite candidate. The fourth grade will be transforming their classrooms into a voting station where each class will have the opportunity to be in a simulated voting booth and go through the process of voting.

The objective of this activity will be to enable the students to become active participants in the election as well as provide them with background knowledge of the voting process. It would be a wonderful experience if you have the opportunity to take your child with you when you vote so they can be part of the live action! They are our future and the more exposure to real life experiences the more knowledge they will be able to apply to everyday situations!

The winner will be announced at the end of the day on Tuesday.
