Welcome

Dear Seventh-Grade Students and Parents:

I want to welcome everyone back to school, and especially welcome you to the seventh grade!

I hope you all had a pleasant, restful summer, and are ready for an exciting year. During the first week of school we will adjust to new school routines. We will do getting-to-know-you activities, go over class expectations, and review previously taught information.

The year ahead will be filled with many learning experiences, which will be taught through class discussions, projects, tests/quizzes and homework. We will study pre-algebra in math, an important foundation for algebra, so it is important that all students participate in class discussions and complete all assignments. We will also learn how to improve note-taking skills, which can be used throughout the rest of students'

school careers. Finally, we will learn about the life of Jesus and how we can follow Jesus' example in our daily lives.

I am looking forward to starting this school year with all of you! If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,
Ms. Giblin
