

Star Student

Each child will have their turn to be the Star Student. One Star Student will be chosen each Friday. The students will be given a poster to take home, fill in, and decorate as creatively as possible. The completed poster should return to school on Monday for your child to share with the class.

Your child should also come to school the following Monday with 3 choice picture books. I will choose one of the books and the child is to practice throughout the week. Your child will read the book to the class on Friday.

The Star Student will encounter different tasks and privileges throughout their week. I encourage parents to help children create their posters and practice their books. Children should enjoy the experience to celebrate themselves. Thank you.
